

DEHUMIDIFIERS

Compact and multifunctional
for air treatment all year
round

Much more than dehumidifiers

New Italian design

Olimpia Splendid upgrades the range of Aquaria dehumidifiers, proposing six new models in R290 designed by Alessio Abdolalian, already designer of the Dolceclima Air Pro portable air conditioners, awarded at the most recent Good Design Award, inspiring the company to create a distinctive family line. The new aesthetic is distinguished by its clean and contemporary style and the capacity to enclose, in extremely compact forms, superior technology.

Purification with HEPA filters

On the air treatment front, the range is distinguished by increasing filtration capacity, and features a filtering capacity starting from the pre-filter and the activated carbon filter, right up to being equipped with HEPA filters in the most powerful models. The new Aquaria dehumidifiers go beyond their primary function and are positioned as solutions for complete air treatment, all year round.

Latest-generation commands

All new models are equipped with precision control, thanks to the digital touch control panel. In addition, in the top-of-the-range models, the integrated wi-fi makes it possible to manage the dehumidifier functions even from your smartphone, by downloading the dedicated app.

Dehumidifiers range

AQUARIA S1 10 P

The compact 10-litre dehumidifier

Cod. 02060

DOUBLE FILTRATION

Captures the main allergens through the antiodust filter and eliminates unpleasant odours thanks to the integrated activated carbon filter.

ERGONOMIC DESIGN

Easy to move thanks to the side handles and wheels, it features a super compact design for easy positioning, even in the corners of the home

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

- Dehumidification capacity: 10 l / 24h
- For rooms up to 45 m³
- Tank capacity: 2l
- Noise level 40 dB
- Temperature and humidity indicator
- 1-24h timer
- Semi-transparent removable tank
- Full tank alarm
- Speed: low/medium/high
- Dry function
- Automatic defrosting device
- Wheels for transportation

AQUARIA S1 12 P

The compact 12-litre dehumidifier

Cod. 02061

DOUBLE FILTRATION

Captures the main allergens through the antidust filter and eliminates unpleasant odours thanks to the integrated activated carbon filter.

ERGONOMIC DESIGN

Easy to move thanks to the side handles and wheels, it features a super compact design for easy positioning, even in the corners of the home

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

- Dehumidification capacity: 12 l / 24h
- For rooms up to 55 m³
- Tank capacity: 2l
- Noise level 40 dB
- Temperature and humidity indicator
- 1-24h timer
- Semi-transparent removable tank
- Full tank alarm
- Speed: low/medium/high
- Dry function
- Automatic defrosting device
- Wheels for transportation

AQUARIA S1 14 P

The double filter 14-litre dehumidifier

Cod. 02062

DOUBLE FILTRATION

Captures the main allergens through the antiodust filter and eliminates unpleasant odours thanks to the integrated activated carbon filter.

ERGONOMIC DESIGN

Easy to move thanks to the side handles and wheels, it features a super compact design for easy positioning, even in the corners of the home

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

- Dehumidification capacity: 14 l / 24h
- For rooms up to 65 m³
- Noise level 40 dB
- Temperature and humidity indicator
- 1-24h timer
- Tank capacity: 2l
- Semi-transparent removable tank
- Speed: low/medium/high
- Dry function
- Automatic defrosting device
- Wheels for transportation
- Full tank alarm

AQUARIA S1 16 P

The double filter 16-litre dehumidifier

Cod. 02063

DOUBLE FILTRATION

Captures the main allergens through the antiodust filter and eliminates unpleasant odours thanks to the integrated activated carbon filter.

ERGONOMIC DESIGN

Easy to move thanks to the side handles and wheels, it features a super compact design for easy positioning, even in the corners of the home

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

- Dehumidification capacity: 16 l / 24h
- For rooms up to 75 m³
- Noise level 40 dB
- Temperature and humidity indicator
- 1-24h timer
- Tank capacity: 2l
- Semi-transparent removable tank
- Speed: low/medium/high
- Dry function

AQUARIA S1 20 P

The most complete 20-litre dehumidifier

Cod. 02064

TRIPLE FILTRATION WITH HEPA FILTER

In addition to the pre-filter and activated carbon filter, it is equipped with a HEPA filter with an efficiency of 99.9% on particles up to 0.3 microns

MOTORIZED FLAPS

Enjoy the best comfort experience thanks to the air flow management function.

TOUCH DISPLAY

Touch control panel with a clean look, allowing precise control

INTEGRATED WI-FI

By downloading the app, all functions can be controlled via smartphone, even away from home.

FEATURES

- Dehumidification capacity: 20l / 24h
- For rooms up to 90 m³
- Tank capacity: 5l
- Noise level 38 dB
- Motorised flap
- Temperature and humidity indicator
- 1-24h timer
- Semi-transparent removable tank with handle
- Speed: low/medium/high
- Dry function
- Automatic defrosting device
- Child lock
- Wheels for transportation
- Full tank alarm

SECCOPROF

Professional dehumidifiers for large spaces

Cod. 02106

Cod. 02107

SUPER POWER

Seccoprof is able to absorb up to 40 litres of excess humidity per day, thus allowing the dehumidification of large spaces.

NON-STOP OPERATING

Continuous condensate drain for non-stop dehumidification, without needing to remove the tank.

WARM GAS DEFROSTING

Guarantees constant operation of the compressor, avoiding frequent activation and deactivation periods, and also allows operation at temperatures close to 0°C.

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

- Dehumidification capacity: 30l / 24h and 40l / 24h
- For rooms up to 150/200 m³
- Tank capacity: 8l
- Noise level 52 dB
- Temperature and humidity indicator
- 1-24h timer
- Removable tank with water level visualisation
- 2 fan speed levels
- Dry and Fan function
- Automatic defrosting device
- Wheels for transportation
- Full tank alarm
- 2 filtering levels (pre-filter / activated carbon filter)
